POWERS OF LIQUOR

LICENSE BOARD

The opinions of Attorney General Peters on the various points submitted to him by the Board of Liquor License Commissioners were read at the meeting of the Board yesterday

afternoon. One of these opinions was that on whether or not clubs shall be allowed to sell liquor to their members. The Attorney General, as stated in the Bulletin Thursday, holds that the new liquor law does not change the status of clubs in this regard and that they may continue to dispense liquor under the provisions of Act 25 of the Session Laws of 1905.

Another question referred to Mr. Peters was as to whether or not the Board has power to grant hotel and liquor licenses and at the same time refuse an application to exercise the license after the usual closing hours, on Sundays and on election days. The Attorney General gives it as his opinion that the Board has this power, such an application being governed by the same rules as an ordinary application for a license. The Board may refuse it, should it deem such action advisable.

The Attorney General holds, also, that the Board must exercise sound legal discretion in the granting or refusing of licenses and must not act arbitrarily or according to caprice or prejudice.

OAHU COLLEGE

HONORS MRS. MILLS

The expectations of the trustees of Oahu College were fully realized last night in the large crowd that gathered to greet Mrs. Mills. Not only was there a great number of old students present, but many from the outside who had heard of the lady's good and grand work in the line of education and were eager to meet Mrs. Mills.

Time had certainly not impaired the memory of the lady who was being honored by the occasion, for she went about among those present calling many of them by their old school day names.

After music and song there was a general line of speeches by some of the prominent people of the city in which old college days were revived, and there was no lack of appreciation of the part that Mrs. Mills had played in the past. Mrs. Mills responded quite feelingly to the kind words that were heard from all sides. The decorations of the hall were of a most appropriate nature and so arranged that they would call up memories of the past to the guest of honor.
